

ANNOUNCEMENT: AGE CATEGORIES

23rd September 2020

The Cable Wakeboard Council would like to announce the following changes to the Age Categories from 1st January 2021.

U19 Juniors – Will become U18 Juniors
U15 Boys/Girls – Will become U14 Boys/Girls

After many discussions regarding the age categories across our disciplines, we conducted a medical report on the differences in physical ability within the age categories, the findings showed us what we already suspected, in that the age differential from the start of the category to the end of the category was too great and gave the older competitors an advantage.

We are also consolidating the age categories across disciplines, and this will align Cable Wakeboard and the Wakeboard discipline junior categories.

We have also been asked to participate in a number of IOC projects that require slightly different age categories within the Junior sector

The council has decided that introducing the new Age categories for 2021 makes sense for the Riders due to the lack of International Events run in 2020 due to the Pandemic.

If anyone has any questions regarding this change, please direct to the Cable Wakeboard Council at: office@cablewakeboard.net or to suzi@cablewakeboard.net

We would be grateful if you could inform all of your local federation clubs and members of this change as soon as possible.

On the next page is the full list of Categories to be used from the 2021 Season.
